

*Time to
start school*

Welcome to
KINDERGARTEN

This is my new school. It is called
Nirimba Fields Public School.

There are lots of new children starting
with me. They have never been to big
school and they may be nervous and
excited, just like me!

I will go to school on weekdays.

On the weekend, I won't go to school. I can rest and spend time with my family.

When I go to school, I will wear my school uniform. Sometimes I will wear my sport uniform.

I must always wear my hat in the playground to keep me safe from the sun.

My school bag will be packed with all my belongings. I will have my name on everything I wear and take to school.

In my lunchbox, I will have crunch and sip, recess and lunch. Eating healthy food is important to help my brain learn.

This is Mrs Diamond, the school Principal. Mrs Diamond looks after all the teachers and students at Nirimba Fields Public School.

There are lots of friendly teachers at Nirimba Fields Public School. My teacher will be there to help me and teach me lots of new things.

Mrs Leotta

Mr Haynes

Mrs Shankar

Mrs Spelta

Miss Foster

Mrs Fordham

Mrs Phillips and Mrs Butt who are in the office, are always there to help me too!

My school has lots of different spaces.

Library - I can read and listen to books. When I bring my library bag, I can borrow a book to take home.

Canteen - I can buy or order yummy food from the canteen.

Hall - I might get an award at the assembly in the hall.

When I get to school each morning, I will wave goodbye to my parents. If I feel worried or sad, I just need to remember that they will be back to pick me up at the end of the day. I can tell them all the FUN things I did with my friends and teachers.

There are bells at school. When the bell rings, it usually means that something is finished, and it is time to do something else.

When I hear the bell in the morning, it means it is time to line up with my class. My teacher will show me where to line up.

Some of the bells mean that it is time to have a break and eat some food. This is when I can eat my sandwiches, fruit or other food that my parents have put in my lunch box.

I will take my food out of my bag and sit with the other children to eat my food.

There are lots of fun things to do in the playground.

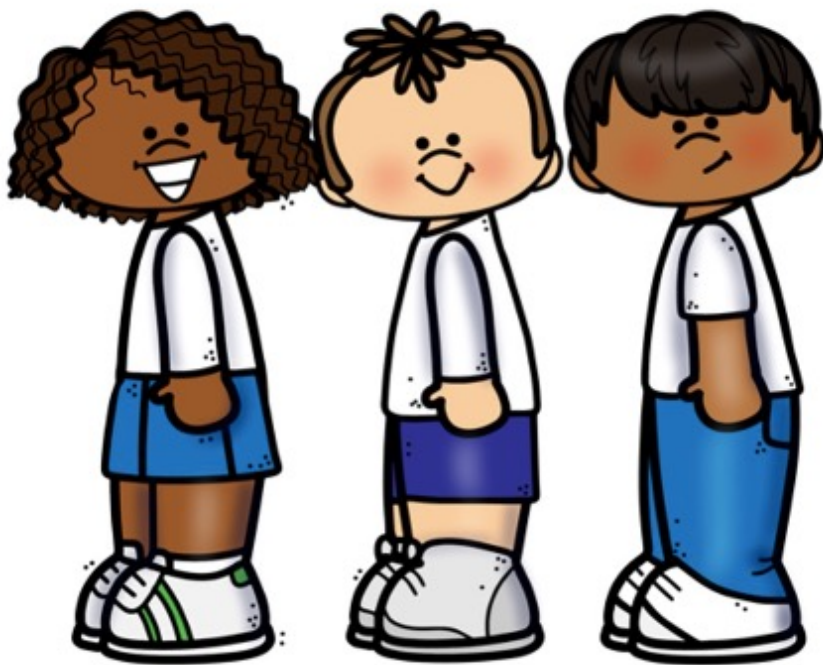

There are always teachers in the playground to help me if I get hurt. If I have any questions, I just need to look for a teacher in a yellow vest.

At the end of recess and lunch, a song will start playing to tell us that it is time to go to the bathroom and line up with our class.

There are toilets for boys and girls at my new school. I will ask the teacher to use the toilet. A friend from my class will walk to the toilet with me and wait for me.

I will wash my hands with soap and water.

My classroom might look like this. I will learn lots of new and interesting things.

I will have lots of fun at school. I might see some old friends and make new friends!

I will need to share and take turns.

When I sit on the floor, I will sit with my hands to myself.

I will learn to read and write.

I will learn about shapes and numbers.

I will do craft, paintings and many drawings. I will play sport outside and sing songs with my class.

Life
EDUCATION

Sometimes we will have special dress up days, school events or surprise visits.

At the end of the day, the bell will ring which means it is time to go home. I can tell my family all about the things I have done at school.

I cannot wait to start at Nirimba Fields Public School.
